1. The following is an examiner's statement of reasons for allowance: there is no teaching in the prior art directed to a ceramic layer product that has metal layers wherein the crystal grains of the metal layers form a columnar structure oriented in a thickness direction.

Furthermore, Claims 16-23 are directed to a process of making the product, which is fully commensurate in scope with the allowable claims. As such, claims 16-23 are patentable based on *In Re Ochai*, 37 USPQ 2d 1127 (1995) and *In re Brouwer*, 37 USPQ 2d 1663 (1995), and therefore claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Cathy Lam whose telephone number is (571) 272-1538. The examiner can normally be reached on 9am-6pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Deborah Jones can be reached on (571) 272-1535. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
